Dear Patients:

After 43 years of private practice, I will be retiring from Optometry on June 30, 2016. It has been a most rewarding career, filled with the joy of helping others and getting to know so many wonderful people.

I will be transferring my patient records to my long-time partner, Dr. Dawn Gill, whose unwavering concern for patient welfare has always mirrored my own.

I want to thank all of you personally for the opportunity to have shared in your health care, and for your years of patronage and trust.

With best wishes,

Mark L. Farbman, OD
